RE: CUSTODIAL DETENTION - General

Dear Sir:

Reference is made to the National Defense Manual, Section 16 B, revised pages four and five, advising that "custodial detention cards will be cancelled at the Bureau upon the death of the subject or his permanent departure from the jurisdiction of the Bureau. In either event, the cards should be removed from the confidential custodial detention card file and placed in the appropriate investigative file concerning the subject. When this action has been taken the Bureau should be advised immediately. Cancelled cards should not be destroyed."

Reference is also made to the fact that custodial detention cards for subjects who have been inducted into the Armed Forces should be removed from the custodial detention file and placed in the investigative file for the subjects to which they relate and the Bureau should be advised in this regard.

The final change on these pages with reference to the handling of custodial detention cards provides that custodial detention cards for alien enemies who have been ordered interned by the Attorney General should be removed from the custodial detention file and placed in the appropriate investigative file. Also that these cards for alien enemies who have been paroled or released by the Attorney General should be handled in the same manner when investigation has been completed and no further action is necessary.

Mr. Tolson \_\_\_\_\_  
 Mr. E.A. Tamm \_\_\_\_\_  
 Mr. Clegg \_\_\_\_\_  
 Mr. Coffey \_\_\_\_\_  
 Mr. Glavin \_\_\_\_\_  
 Mr. Ladd \_\_\_\_\_  
 Mr. Nichols \_\_\_\_\_  
 Mr. Rosen \_\_\_\_\_  
 Mr. Tracy \_\_\_\_\_  
 Mr. Carson \_\_\_\_\_  
 Mr. Harbo \_\_\_\_\_  
 Mr. Hendon \_\_\_\_\_  
 Mr. McGuire \_\_\_\_\_  
 Mr. Mumford \_\_\_\_\_  
 Mr. Piper \_\_\_\_\_  
 Mr. Quinn Tamm \_\_\_\_\_  
 Mr. Nease \_\_\_\_\_  
 Miss Gandy \_\_\_\_\_

Concerning this latter change, it is desired that you review the custodial detention cards on Japanese aliens who have been proceeded against under the Alien Enemy Control Program and advise the Bureau when you have taken the action prescribed above.

With reference to persons of Japanese tendencies who have been excluded from the area covered by your Field Division, custodial detention cards on these subjects should, of course, be furnished the offices covering their present residence. The Bureau should also be advised when this action has been taken so that the cards at the Bureau may be maintained in a current status at all times.

## Office Memorandum • UNITED STATES GOVERNMENT

TO : Director, FBI

DATE: October 15, 1945

FROM : SAC, San Francisco

SUBJECT: FIELD DIVISION ARREST REGISTER  
ALIEN ENEMY CONTROL  
RECAPITULATION MATTER

Reference is made to your letter dated September 20, 1945, advising of a discrepancy in the arrest register between the Bureau's figures and those previously transmitted by this office to the Bureau.

Referenced letter indicates that the Bureau records reflect a total of 339 apprehensions on the German Arrest Register, of which apprehensions 7 were citizens, while the recapitulation letter from this office reflects 339 aliens plus 7 citizens, or a total of 346.

This is to advise that the figure 339 reflects the total apprehensions, which include both German aliens and citizens. The correct number should be 332 German aliens arrested and 7 citizens, for a total of 339 apprehensions.

Referenced Bureau letter also indicates that the Italian Arrest Register, according to the Bureau records, reflects 453 aliens and 5 citizens apprehended, while this office lists in its recapitulation letter 458 aliens and 5 citizens.

This is to advise that the number 458 represents the total apprehensions of both aliens and American citizens. The correct number should therefore be 453 aliens apprehended and 5 citizens.

The recapitulation letter should therefore read as follows:

"The following is a recapitulation of the arrests of all German and Italian aliens reported:

	<u>Previous arrests:</u>	<u>Arrests This Six-Month Period:</u>	<u>Total arrests:</u>
Germans	332	0	332
Italians	453	0	453
<u>Arrests of All Citizens Reported</u>			
Germans	7	0	7
Italians	5	0	5 "

Referenced letter also indicates that the Bureau's records reflect the following individuals of Italian nationality who have been apprehended by this office and have not been assigned arrest register numbers:

Regarding the last-mentioned individual, it should be noted that the correct name, as carried in the arrest register of this office, is LAZZARO LEWIS STAGNARO.

In connection with these three individuals, reference is made to Bureau letter dated June 13, 1944, enclosing a list of 7 aliens apprehended by this field division for whom the Bureau indices failed to reflect an arrest register number. Among these 7 individuals were the 3 mentioned above. By letter dated June 27, 1944, this office submitted to you the original list forwarded by the Bureau with the arrest register number of each individual noted opposite his name.

Reference is made to your memorandum dated August 31, 1945, requesting that you be advised as to the discrepancy between the Bureau's figures and those figures previously transmitted by you to the Bureau. SUBJECT: FIELD DIVISION ARREST REGISTER  
ALIEN ENEMY CONTROL  
RECAPITULATION MATTER

DATE: August 31, 1945

Reference is made to Bureau letter dated August 8, 1945, pointing out that there is a discrepancy between the apprehensions indicated in the German and Italian arrest registers maintained at San Francisco and the indices maintained at the Bureau.

The arrest registers maintained at San Francisco are of such size that to photostat them would be a considerable project, both in time consumed and from the standpoint of expense.

It is suggested that the Bureau may desire to advise me just what discrepancy was noted so that the error can be corrected without the necessity of a photostating project.

Reference is made to your memorandum dated January 5, 1945, with which you enclosed a copy of your permanent arrest register. You have indicated in this copy that the subject Herman Edward Ortwein, an alien enemy apprehended by your Field Division and assigned arrest register #SF-Q-185, has been released from internment.

A review of the Bureau indices fails to reflect any information indicating the fact that Mr. Ortwein was ever released from internment. For your information, the Attorney General, on January 18, 1945, executed a disposition order in which he ordered the subject continued in internment under safeguards provided by the Immigration and Naturalization Service.

You will revise your permanent arrest register in view of the above information.

RECAPITULATION LETTER

DATE: July 20, 1944

Reference is made to Bureau letter in the above-captioned matter under date of July 10, 1944 indicating the recapitulation of arrests of all Italian Aliens reported by this field division to be 458 since the inauguration of the Alien Program whereas the Bureau files indicate that only 453 apprehensions of Italians and five American citizens of Italian nationality is reflected.

This is to advise that the recapitulation of arrests of Italian Aliens submitted by letter dated June 27, 1944 includes all arrests both alien and citizen. The correct recapitulation of all arrests should be as follows:

	Previous Arrests	Arrests This Quarter	Total Arrests
✓ Italians	453	0	453

Arrests of All Citizens Reported

	Previous Arrests	Arrests This Quarter	Total Arrests
✓ Italians	5	0	5

A review of the San Francisco Field Division Italian Arrest Register indicates that although 460 arrest numbers have been assigned, only 458 arrests have been made. In order to clarify the San Francisco and the Bureau arrest registers, SF-I numbers 459 and 460 assigned to AUGUST FERRARINI, arrested May 25, 1943 and JOHN GENTILE, arrested August 23, 1943, respectively are being stricken from the arrest register and AUGUST FERRARINI is being assigned arrest number SF-I 404 and JOHN GENTILE, SF-I number 416. The San Francisco Field Division arrest register will therefore indicate consecutive arrest numbers beginning with SF-I-1 and ending with SF-I-458 reflecting the apprehension of 458 individuals. The Bureau is respectfully requested to alter its Italian arrest register in conformance with this letter.

The next apprehension of an Italian Alien will therefore be designated as SF-I-459 in the event that such apprehension should take place.

FIELD DIVISION ARREST REGISTER  
ALIEN ENEMY CONTROL (G)

Reference is made to your quarterly recapitulation letter of July 3, 1944, in which you indicate 338 German aliens and 7 American citizens of German nationality as having been apprehended by your field division since December 7, 1941. In addition, you indicate 4 German aliens as having been apprehended by your field division and assigned arrest register numbers 335 through 338 inclusive, the last two apprehensions of the above 4 having been made on June 29, 1944. A review of the Bureau indices indicates a total of 338 apprehensions having been made by your office, including the 7 citizens of German nationality.

Inasmuch as your recapitulation reflects that Louise Andermahr who was apprehended on June 29, 1944 was assigned arrest register number SF-G-338, it appears that in your recapitulation letter you have included the citizens apprehended in your alien apprehension figure.

Unless advised to the contrary, the Bureau will consider your field division as having apprehended 331 German aliens and 7 citizens of German nationality.

FIELD DIVISION ARREST REGISTER  
ALIEN ENEMY CONTROL  
RECAPITULATION LETTER

Reference is made to your memorandum dated June 27, 1944, in which you submit the recapitulation of the arrests of all Italian aliens reported by your field division.

You indicate 458 Italian aliens as having been apprehended since the inauguration of the Alien Program. In addition, you indicate 5 American citizens of Italian nationality as having been apprehended by your office, or a total of 463 apprehensions. The Bureau records indicate 453 apprehensions of Italian aliens, and 5 American citizens of Italian nationality, which would indicate that you may be including the Italian citizens in your count of Italian aliens.

You will advise the Bureau by return mail as to the correct number of Italian aliens and citizens apprehended by your field division.

Your attention is further directed to your memorandum of June 27, 1944, in which you enclose a Field Division Arrest Register for the quarter ending July 1, 1944. I fail to understand how you can submit an Arrest Register indicating a period of time in the future inasmuch as you have no assurance that an apprehension of an alien will not take place between June 27th and July 1st.

You will, therefore, in the future confine your reports to the periods of time which are in the past.
